PSYCHOLOGY ACADEMIC PROGRAM

APPLICATION REQUIREMENTS

1. AAPI ONLINE APPLICATION (available at the APPIC Web Site: <http://www.appic.org/>)
2. 3-4 LETTERS OF RECOMMENDATION FROM PATIENT-CARE OR RESEARCH PRACTICUM SUPERVISORS

We are primarily concerned with your functioning in a patient care setting. Recommendations from professors who know you only from your course work are not as valuable. If you cannot provide a letter from a site in which you completed 400+ practicum hours, please include an explanation within your cover letter.

3. As an addendum to your cover letter, please note our rotations of particular interest to you, your level of interest in pursuing an internship in the Chicago area, and two questions you would recommend we ask you.
4. PERSONAL INTERVIEW BY INVITATION

Notifications for January interviews are emailed by December 15.
(If you are an applicant who needs to make airline reservations or other accommodations before December 15, please make sure all application materials are in our hands at least one week before our deadline. In addition, in your cover letter, request an early review of your completed file, and the date by which you need to know our decision for an interview.)
